Is there something important you need to tell an adult here at Clark?
Do you need help with a problem that you can't solve by yourself?
Is there something that the counselors or social workers need to know?
Do you want to report something anonymously?

If so, then scan the QR code or enter the URL into a web browser. It will take you to a google form you can fill out and submit that will be automatically sent to the folks in charge. (Please use responsibly!)

It's the ability to step into the shoes of another person, aiming to **understand** their feelings and **perspectives**, and **use that** understanding to **guide our actions**.
